During your stay in Kruger, we have included 3 Game Drives in an open vehicle which will enhance your game viewing experience tremendously.

30 April '18:

Early morning departure to travel to our Yoga Retreat Center, Turtle Cove; Here we provide a cool haven for Yogi Travellers amongst our lush Palm Tree gardens, which is a short walk away from the spectacular beaches of Tofo and Tofinho.

Our Yoga Shala, affectionately known as The Gaia Yoga Temple, is built in a striking blend of Mozambican, Mali and West African architecture. The shala offers a magnificent space for practice with double volume ceilings, arched windows and multi level floor spaces.

Tofo is a small seaside town, mostly a fishing village which offers an exotic magnetism that instantaneously captures the hearts of travelers worldwide. The laid back Latino-Afro rhythm of life combined with miles of spectacular beaches with warm azure waters, perfect and un-crowded waves for all surfing abilities, monthly Full Moon parties and the welcoming and innocent charm of the local Mozambicans, mesmerize visitors to return time and again.

After a week of balmy sun, sea and sand and inspiring yoga, leave Tofo energized with a renewed sense of vigor and enthusiasm for life.
